

Work Experience Application Form

Thank you for your interest in undertaking work experience with Ainslie and Gorman Arts Centres (AGAC).

AGAC offers opportunities for tertiary students studying arts and cultural management, event management, technical production and other related fields to undertake a secondment or work experience placement with us. We also accept applications from secondary and college students studying technical production.

Applications to undertake a work experience placement with AGAC are open year-round. Placements for successful applicants are individually tailored to the field and level of study, are project or event-based and undertaken under the supervision of a key member of AGAC's staff.

Undertaking work experience at AGAC provides an invaluable opportunity to learn from experienced arts centre staff about programming, producing, marketing, communications and operating in a multi-arts centre context.

TO APPLY:

Tertiary Students

1. Fill out this application form.
2. Email your application form, CV, and any relevant attachments/links to no more than 3 relevant examples of previous work (if available) to enquiries@agac.com.au

Applicants will be notified upon receipt of their application by AGAC and the applicant/institution will be contacted by an AGAC staff member soon thereafter to discuss your application.

Secondary/College Students

1. Speak to your school's work experience coordinator or teacher. Ask them to contact us to discuss work placement options on (02) 6249 7377.
